# What is Kid's Factory?

- Kid's Factory is a drop-in recreation program offering recreational activities only and is not to be considered an accredited child care program. It is designed for elementary school children entering grades 1-6. Activities include crafts, games, sports, and water games.
- This program is voluntary. Parents are responsible for providing transportation to and from the program. Staff are not allowed to transport children.
- A \$20 program registration fee for each child in the summer program must be paid prior to attendance at the Kid's Factory program. There are no other fees associated with participation in the program during the assigned program hours. Registration fees may be paid at the school sites during the Kid's Factory program hours if paid by check only; site staff are not permitted to accept cash or credit cards. If you would like to pay in cash or by credit card, you may do so at the Department of Recreation & Community Services, or by fax with a credit card. Online registration is also available at [www.saddlebackrecreation.com](http://www.saddlebackrecreation.com).
- Children must have a completed emergency card to be kept on file at the Kid's Factory site. This card must be updated immediately when changes occur. Emergency cards are available at the site during the Kid's Factory program hours or at the Department of Recreation & Community Services office.
- Late Fee Policy: Children must be picked up on time. If a child is picked up late, or not picked up on a cancellation day, a \$10 fee will be assessed for every fifteen minutes. The fee must be paid before the child can return to the Kid's Factory program or participate in any Recreation Department program. Those children who are chronically picked up late will be dismissed from the program.
- All activities will be held outdoors and are subject to cancellation due to unfavorable weather conditions such as rain, wind and extreme heat and cold. Call the Kid's Factory Weather Hotline after 7:00am at 460-2735 when weather conditions are questionable.
